**Extras** Photoshop | Illustrator | Sketch | HTTP | AJAX | JSON | RESTful APIs | Bcrypt  
| Git | GitHub

## WORK EXPERIENCE

### Inspirable LLC. [Aug 2012 - Jan 2018]

**Web Designer | Web Development**

At Inspirable I have been working as a front end designer and developer. I am the primary designer & developer and have been for most of my time with Inspirable. We primarily utilize Prestashop and Wordpress for the majority of our clients. I use WHM & cPanel on a daily basis. I communicate daily with clients via phone, email, and meetings. I collaborate with other companies (sometimes other developers).

### Hypr Inc. [Jan 2012 - Aug 2012]

**Web Design | Graphic Design | Web Development**

I worked on various tasks from icon design, page layout, brochure design and web design. I was flexible, helping where ever I was needed, which made me a valuable employee. I was able to fill in the gaps where I would be most useful.

## TECHNICAL EXPERIENCE

### General Assembly : Web Development Immersive Student

**3 Month | 480+ Hours | Project Based | Sequelize | Bcrypt | Materialize**

Focused on programming fundamentals, data-structures, popular web technologies, database development, CRUD operations, RESTful routing, OOP, TDD, Git and version control. Practiced pair-programming, agile development, wire-framing, rapid prototyping, and peer code review.

## PROJECTS

### Froyo Feedback [Project 2: Node App]

**Node | Express | EJS | PostgreSQL | Sequelize | Bcrypt | Materialize**

Full-stack app that makes it possible for a frozen yogurt shop to list out their flavors for users to create a profile and select their favorite flavors. There is an admin login for the shop to see all of the top favorited flavors.

### White Cap Frozen Yogurt [July 2012 - Present]

**Wordpress | HTML | CSS | Javascript | Photoshop | Illustrator**

White Cap is my familie's business. The goal was to make the logo look like a wave while resembling the top of froyo. This helped shape and mold the overall feel for the shop. I assisted in all of the building, designing, and marketing for the physical shop. I did all of the branding, website and digital marketing. I continue to support the marketing and maintenance of the website.

### This Sweet Title [Project 3/4: App]

**Thing 1 | Thing 2 | Thing 3 | Thing 4 | Thing 5 | Thing 6**

Lorem ipsum dolor amet iceland meditation tousled, ipsum scenester bushwick food truck dolor sint slow-carb. Minim squid reprehenderit PBR&B biodiesel hoodie blog pickled in humblebrag aesthetic.
